

Government Data Shows: Global Warming Ended Years Ago

Here are graphs of recent climate directly from the US and British governments and two groups that are the official sources of NASA's satellite climate data. They ALL show no warming for the last decade or more:

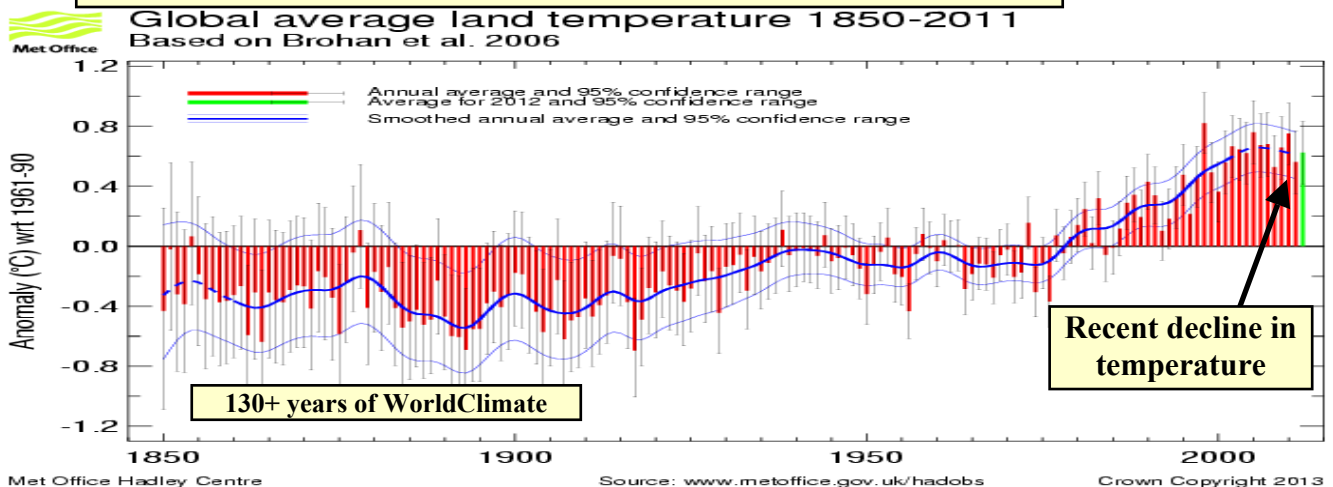

From the US government agency, NOAA:

(<http://www.ncdc.noaa.gov/sotc/service/global/global-land-ocean-mntp-anom/201001-201012.gif>)

From England's official weather service, the Met Office:
